

POWERGEL® SHOTS

Unique in taste, easy to customise.

FLAVOURS

Cola (+ Caffeine)

Orange

Raspberry

PRODUCT DESCRIPTION

Why not customise energy individually? The Powerbar® PowerGel® Shots are an alternative to classic carbohydrate bars and gels. Like PowerGels®, they contain a combination of carbohydrates with a 2:1 ratio of glucose and fructose sources. The shots in the practical resealable bag can not only be easily and individually portioned, but they also fit into any pocket or backpack. Enjoy the unique taste and be ready for any challenge.

- > Easy-to-portion carbohydrate gums with a 2:1 carbohydrate ratio of glucose and fructose sources
- > 5 shots deliver about the same amount of carbohydrates as 1 conventional PowerGel®
- > Unique taste with liquid gel filling
- > With natural flavourings
- > Without preservatives (according to law)
- > Orange and Raspberry flavours: with vitamin B6 – vitamin B6 contributes to normal energy-yielding metabolism
- > Cola flavour: with 75 mg of caffeine per pouch – caffeine helps to improve concentration

All Powerbar products are included in the Cologne List®, and as a result we can offer athletes even more security and trust.

Cola (+ Caffeine)
