

ISOACTIVE

3 in 1: Liquid, electrolytes and carbohydrates.

FLAVOURS

Lemon
Orange
Red Fruit

PRODUCT DESCRIPTION

During sport you lose both water and electrolytes through sweat. In order to effectively reabsorb the lost water, the right combination of electrolytes (especially sodium) and carbohydrates is important. ISOACTIVE, Powerbar's isotonic sports drink not only provides you with carbohydrates in a 2:1 ratio of glucose and fructose sources, but also electrolytes. The Isoactive powder thus combines 3 advantages in one product: liquid, electrolytes and carbohydrates. With a refreshing taste it's perfect for your training or other sports activities.

- > Carbohydrate-electrolyte solutions enhance the absorption of water during physical exercise and contribute to the maintenance of endurance performance during prolonged endurance exercise
- > Carbohydrate ratio of 2:1 of glucose and fructose sources
- > Provides the body with the electrolytes sodium, chloride, potassium, calcium and magnesium, which are lost the most through sweat
- > Free from artificial flavours and preservatives (according to law)
- > Suitable for vegetarians and vegans

All Powerbar products are included in the Cologne List®, and as a result we can offer athletes even more security and trust.

SUGGESTED USAGE

Drink according to personal thirst. Suggested usage: Drink every 15 minutes 150 - 200 ml.

Mixing instruction (1 portion): Mix 33 g (approx. 1 1/2 measuring spoons- included) in 500 ml water.

As part of a varied and balanced diet and a healthy lifestyle.

Lemon

INGREDIENTS

Dextrose, maltodextrin, fructose, acid (citric acid), sodium citrate, salt, calcium lactate, natural lemon flavouring, potassium chloride, magnesium carbonate, concentrate (safflower, lemon). May contain: **EGGS, SOY, MILK.**

LEGAL DENOMINATION

Isotonic electrolyte drink mix for athletes with minerals and carbohydrates. Lemon flavour.
